

Air Filtration Solutions
SSG+ Donaclone™ Air Cleaner

**PREFERRED BY OE'S
TRUSTED BY PROFESSIONALS**

SSG+ Donacclone™ Air Cleaner

DESIGNED FOR EXTREME DUST ENVIRONMENTS

The SSG+ Donacclone™ is a two-stage RadialSeal™ air cleaner designed for heavy-duty haul trucks operating in extreme dust conditions.

It features the similar benefits to the standard model SSG with the inclusion of Rain Shrouds and our new Trickle Valve dust cups.

Each housing utilises RadialSeal™ technology, and built-in pre-cleaning tubes that remove up to 97% of incoming dust.

Performance Guaranteed
Same great OEM quality

Run Further for Longer
Factory fitted rain shields prevent water ingress

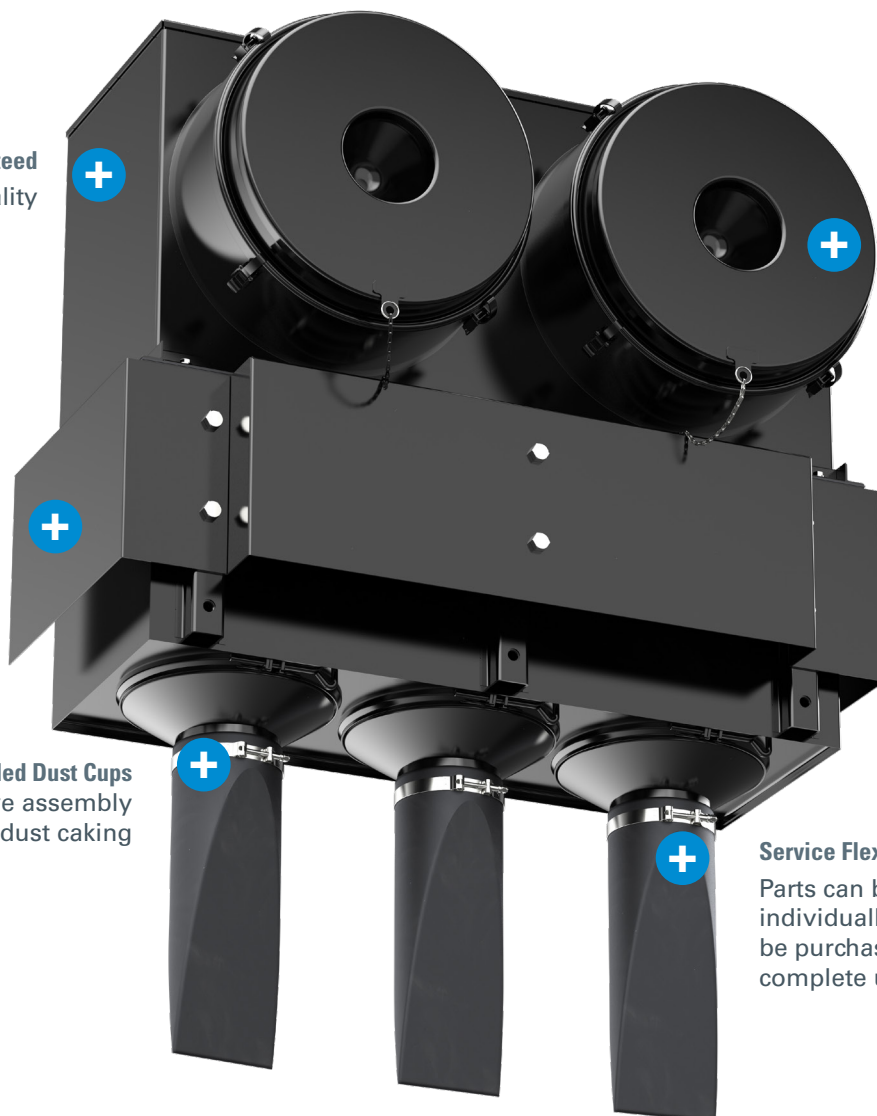

Upgraded Dust Cups
Trickle Valve assembly prevents dust caking

Sleek New Look
Durable powder coating in gloss black

Service Flexibility
Parts can be serviced individually or can be purchased as a complete unit

SSG+ Donaclone™ Air Cleaner -

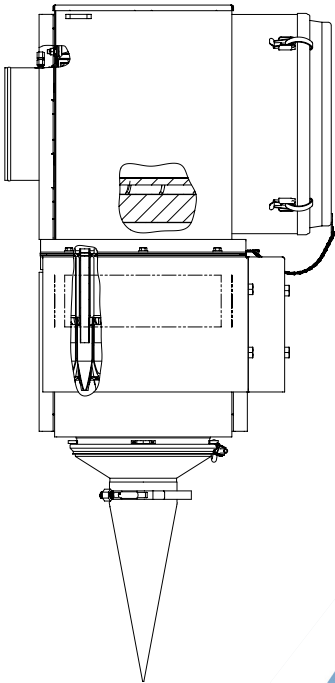

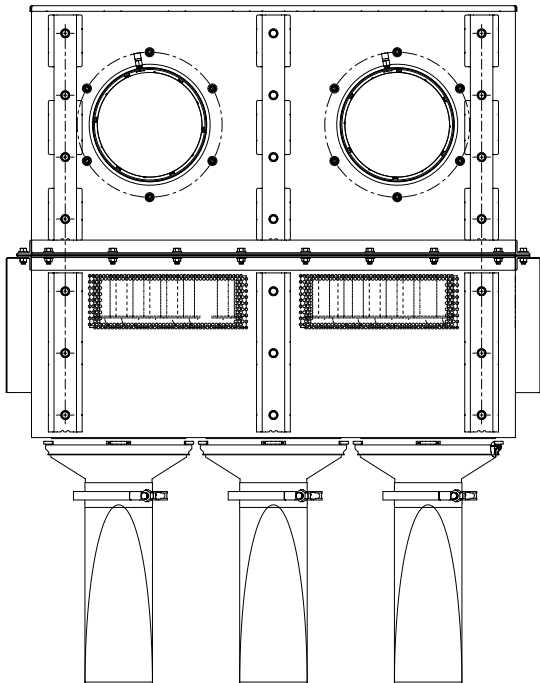

The largest RadialSeal™ air cleaner, precision engineered for haul trucks operating in the most extreme dust conditions.
