UC-2121

The ULTRAFLO Quick Release Coupler will revolutionise the way you grease. In one simple click you can disconnect the coupler from the grease nipple.

Try the ULTRAFLO Quick Release Coupler, you will never have a grease coupler get locked onto a grease nipple ever again with an in-built relief valve!

## Features & Benefits

- No leakage
- No lever needed
- Quick grip onto any sized grease nipple
- Allows both hands for grease gun operation
- Maximum pressure 15,000 PSI
- No seals or jaws to wear and replace
- 1/8" BSP (f) thread
